This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, [insert contact information]. Important Questions	Answers	Why This Matters:
What is the overall deductible?	For preferred provider or non-preferred provider$1,000 individual / $3,000 family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care and physician services are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply..
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	For preferred provider $2,500 individual / $5,000 family; for non-preferred provider $3,500 individual / $7,000 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Copayments for certain services, premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out–of–pocket limit.
Will you pay less if you use a preferred provider?	Yes. See www.tccba.com or call 1-800-815-3314 for a list of preferred providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an non-preferred provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your preferred provider might use an non-preferred provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
